atform, Chicago.

ONE week from today the next president of the United States will be chosen and the prayer of the true believers in the equality of mankind will be that the mantle will fall on William J. Bryan.

People back in Ohio who originally started out with yellow badges have had the word "nit" printed across the faces of them. This is significant of the changes that are going on every

"OUR MARK" has served to tory for four terms in the halls of congrees; has introduced 163 bills and amendedments, made nearly as many speeches, and has served his constituents faithfully. His worth and ability will be rewarded by his return to Washington.

One of the most radical departures from established methods in journalism is the latest venture of W. R. Hearst. In Mr. Hearst's two great papers, the San Franci-co Examiner and the New York Journal, the silver cause is well represented on both the Atlantic and the Pacific coast. In Chicago, the heart of the middle west, it has had no paper to speak for it Mr Hearst has leased two pages in the Chicago Record and in that space will present the cause of Bryan and bimetallism to the voters of Chicago and vicinity. Mr. Hearst is a true friend of silver and is showing his earnestpess in the cause at great personal expense.

Two Lives Saved.

Mrs. Phoebe Thomas of Junction City III.. was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery cured her, and she says it saved her life. Mr. Thos. Eggers, 139 Florida St., San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discoverp and in two weeks was cured. He is naturally thankful. It is ruch results, of which there are samples that prove the wonderful efficacy of the medicine in coughs and colds.
